

INNOVATION DAY

# INNOVATION. KNOWLEDGE. BEST PRACTICE. IN [NAME OF ROOM]

Do you work with maintenance, stability, hygiene and/or innovation of the production line?

Are you interested in the latest knowledge, best practice and new market standards? Do you want to take hygienic design to a new level?

Visit [name of room] on [day, date]  
between [time] and [time]

As the market leader within hygienic solutions for production lines, NGI invites you to NGI Hygienic Innovation Day.

## YOUR CHANCE TO:

- ✓ talk with experts within hygienic components and standardization, who are ready to answer YOUR questions
- ✓ get inspired through short talks
- ✓ watch, feel and try NGI's new innovative castor- and bearing house-solutions as well as the solutions within levelling components.
- ✓ talk to colleagues and learn together

Drop by - together we determine the market standard within hygiene.
